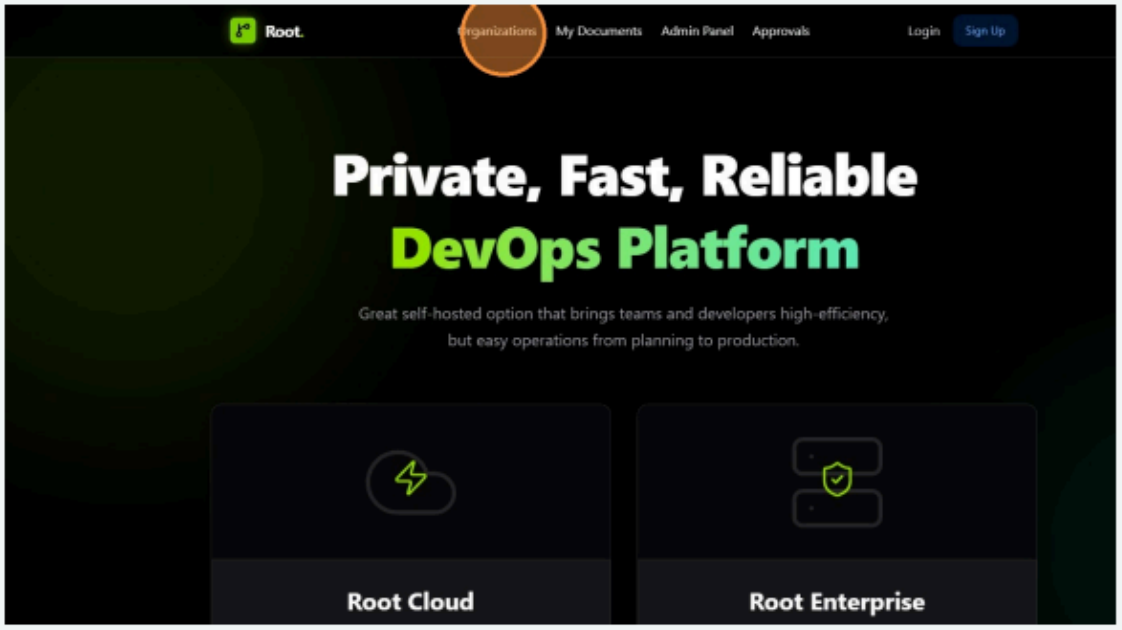
How to Upload a New Document to a Workspace

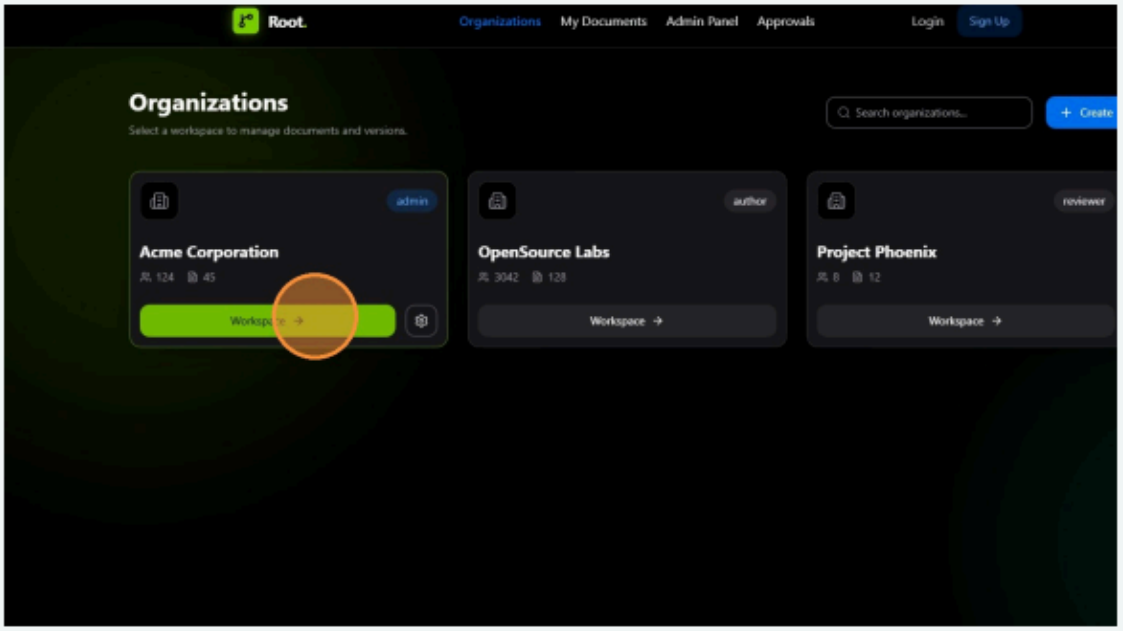
Follow this guide to learn how to add files to your organization's workspace efficiently. This process ensures your team can easily access and collaborate on new documents within your project environment.

1 Navigate to the Root website

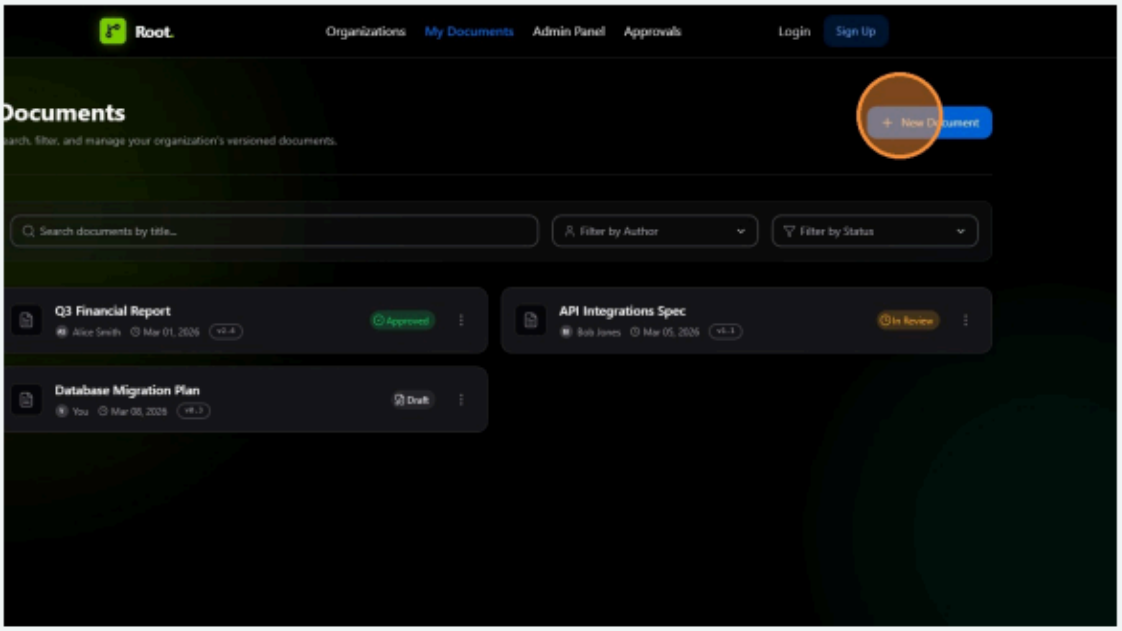
2 Click "Organizations"



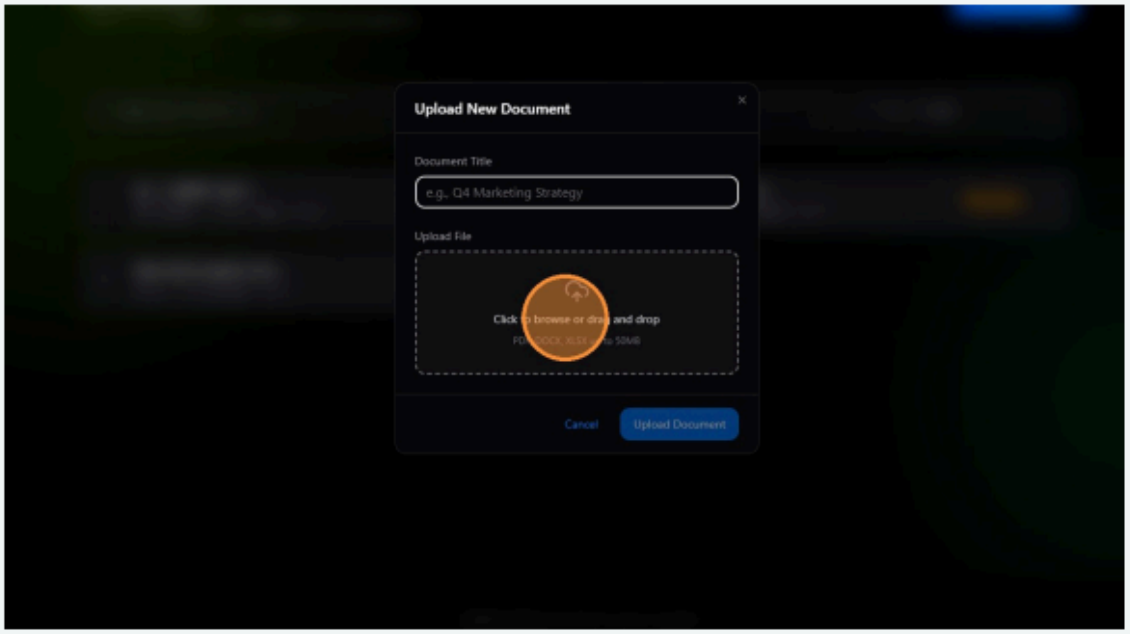
3 Click "Workspace" on your desired organization



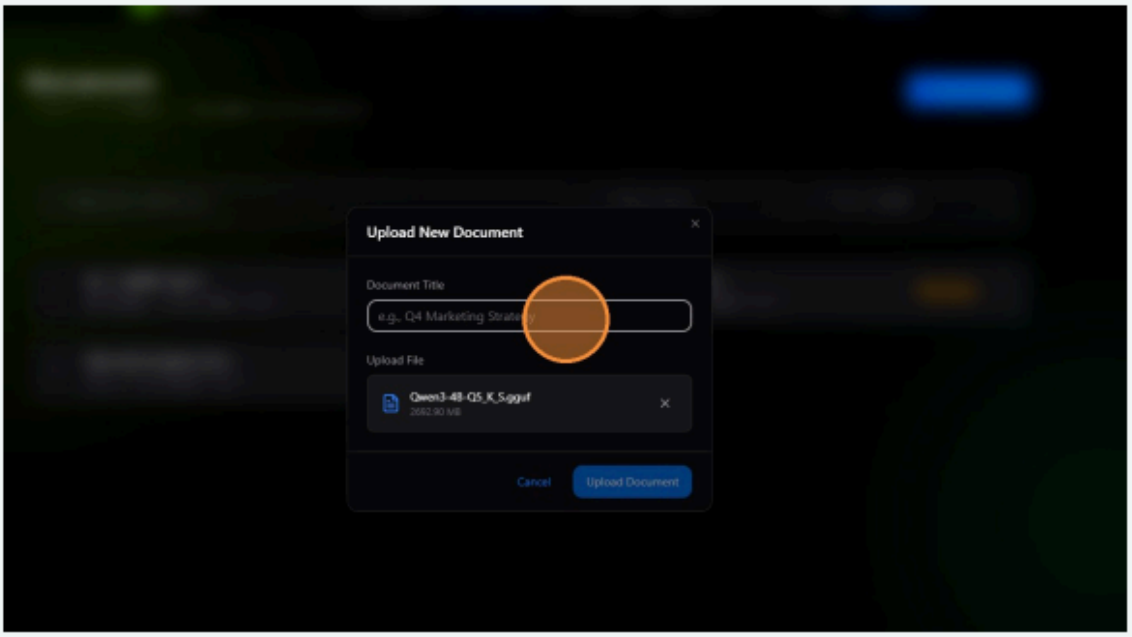
4 Click "New Document"

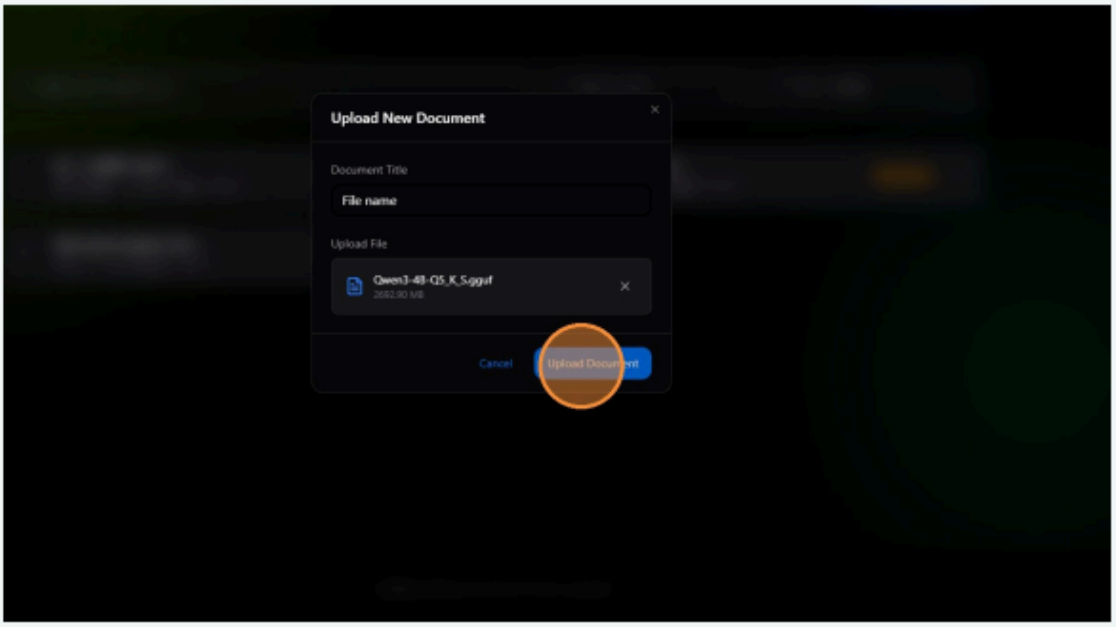


5 Select your file.



6 Pick a name for the document.





7 Click "Upload Document"
